

Special Discount Offer for AALNA members

As a continuing care leader, you want to do all you can to protect the safety of residents and workers and minimize risk throughout your facility. ECRI Institute's Continuing Care Risk Management (CCRM) System gives you advice and tools to help you realize your resident safety and risk management goals. CCRM includes risk mitigation strategies to manage your most challenging issues from falls and pressure ulcers to safety and security.

Date: _____
To: Sharon Murphy, Director, National Accounts (smurphy@ecri.org)
Organization: ECRI Institute
